

# ADEEL SABIR

---

## Web Developer

Lahore, Pakistan | +923039676205 | adeel.sabir995@gmail.com

<https://adeelsabir.vercel.app>

## CAREER SUMMARY:

---

Skilled Web Developer with expertise in Next.js and Angular, focused on creating responsive, high-performance web applications. Strong experience in front-end and back-end development, ensuring seamless user experiences and efficient code.

## WORK EXPERIENCE:

---

### Invobyte

Web Developer | 04 September, 2024 – Present

- **DYDO – Beverage E-Commerce Platform:** Developed an e-commerce website for selling drinking and beverage products. The platform allows users to browse products, add items to the cart, place orders, and manage purchases through a user-friendly and responsive interface
- **Complaint Management System (CMS):** Developed a web-based Complaint Management System to register, track, and resolve customer complaints efficiently. The system allows users to submit complaints, monitor status updates, and communicate with administrators, while admins can manage cases, assign tasks, and generate reports.
- **E-Document Archive:** Developed a document management system using React, enhancing usability and accessibility. Integrated REST APIs and state management solutions (Redux) for smooth data handling. Implemented responsive web designs using HTML, CSS, Bootstrap, and Tailwind, ensuring cross-device compatibility. Optimized code for performance, accessibility, and best practices.

### Remote

#### MR Technical Service

- Assisted in developing interactive web components and optimizing page performance.
- Gained hands-on experience with JavaScript frameworks under senior developers.
- Contributed to UI/UX improvements for better user engagement.
- Designed and developed a technical service website to manage maintenance requests and support services. The platform allows users to submit service requests, track maintenance status, and communicate with technical support. Implemented responsive design for desktop and mobile devices, improving accessibility and service efficiency.
